Bob Gale said, “To paraphrase Marty McFly, you guys are ready for this, and your kids are gonna love it (too)! If Bob Zemeckis and I time traveled back to 1980 and told our younger selves that the script they were struggling to write would become a Broadway musical 43 years later, they'd kick us out of their office and call us crazy. Well, sometimes, crazy ideas give birth to great entertainment, and now Bob and I are eager to share our musical vision with audiences worldwide. Regardless of whether you've seen the original film, **‘Back to the Future: The Musical.’** with its outstanding performances and incredible stagecraft, will delight and enthrall you, your kids, your parents and everyone you know!”
